

Hide-Outs

A proper hiding area is often an underestimated and necessary feature of a natural terrarium. Without a safe spot to hide and sleep, reptiles and amphibians will easily develop stress that will affect their activity and appetite. Hideouts also provide a shelter and/or a cooler and moister area in the terrarium.

CRYSTAL CAVE

Decorative Reptile Hide

- *Secure hiding for reptiles and amphibians*
- *Ideal for desert and rainforest setups*

The Exo Terra Crystal Caves are extremely realistic and add an exciting accent to any type of terrarium, desert or rainforest. These hides are simply placed against the front or side windows of the terrarium, creating a safe hide that can easily be observed.
